Sir:

With respect to the above-identified patent application, a Response in the form of an amendment document was filed on 30 March, 2009 by the Applicants. The amendment document included amendments to several claims.

After filing of the amendment document, the Applicants received a Notice of Non-Compliant Amendment under 37 CFR § 1.21. The Notice was mailed 17 April, 2009. In the Notice, the Examiner stated that the amendments made to the claims were improper. Specifically, the Examiner noted that the Applicants' use of the identifier "Amended" was not proper.

With this letter, the Applicants are enclosing and submitting a revised amendment document. The enclosed amendment document corresponds exactly to the amendment document filed 30 March, 2009, with the exception that the identifiers on the amended claims have been modified. Specifically, where the Applicants previously used the improper identifier "Amended" the Applicants have now used the identifier "Currently Amended."

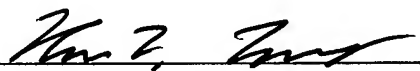

It is the understanding of the Applicants that no additional fees are due to be paid. However, if any additional fees are due to the Patent Office in view of the enclosed amendment document, the Applicants hereby authorize the Patent Office to charge any and all such fees to Deposit Account No. **22-0257**.

Should any questions arise in connection with the above, please contact Thomas L. Lockhart at the telephone number of **(616) 336-6614**.

Respectfully submitted,
